A keen naturalist or just a simple traveler into the Danube Delta, you cannot ignore the abundance and diversity of birds which strikes you from the first time. DANUBE DELTA & THE SEA is a holiday dedicated to the outstanding area of Sfântu Gheorghe – a magic place, where

Danube's arm St. George meets the Black Sea. After accommodating ourselves in a 4 star villa surrounded by water lilies and overlooking the sea, a leisure walk on the edge of the village shall reveal **White & Dalmatian Pelicans, egrets, Purple and Squacco herons, Glossy Ibis, Olivaceous Warbler** and more. **Bearded Tit** and **Bluethroat** are some of the reed bed specialties of the area. A couple of great days will be spent exploring the area around, both on foot and by powered/rowing fishing boats. The channels and the shallow bay are excellent spots for **White & Dalmatian Pelicans, Night Heron, Glossy Ibis, Little Gull, Black-tailed Godwit** and other various waders, while **Red-footed Falcon, Hobby** and **White-tailed Eagle** are regularly seen flying above. **Little Bittern, Bee-eater, Roller, Wood Sandpiper, Collared Pratincole, Little Ringed Plover** and flocks of feeding terns out on the sea may be seen on leisure walks to the beach. The painted houses burst by the wind, with hand-made wooden decorations and reed roofs, the sand and the traditions will be an added attraction to this fascinating holiday. Every evening, excellent traditional dishes and an enjoyable glass of Romanian wine we'll be asking for day reviews, in an unforgettable holiday!
